

# NUTRITION, HYDRATION, FOOD PATIENT INFORMATION SYSTEM

From February 2011 within the NHS there is a move towards standardised signage for nutrition, hydration & food

In order to allow trusts to implement this we have produced a reusable and easy to clean mag-card system that allows you to implement the standardised signage for nutrition, hydration & food information on the ward to enhance patient care

Bed-hangable version

Wall / Cabinet Mounting Board

Each kit is supplied with the a set of the 16 standard signs together with either a wall or bed mounted display panel, which can have an optional dry-wipe note area for other information

**x16**

Each kit comes with 16 standard signs

To assist in practical day-to-day operation we have also produced a wall mounted ward-tidy to store signage cards neatly between usage

**Prices start from  
£25 per board set**

Ward-Tidy

**Already have your own system?**

You can customise any of the 16 cards to match your existing nutrition, hydration, food policy at no extra cost !

Nutrition, Hydration, Food Clinical Signage
